Summary

KRD Consulting Group is looking to fill a Web Development position, to provide support to our existing clients and participate in a major development project. Your main responsibilities will be to develop, maintain and support front-end and back-end components of custom software platforms built on PHP frameworks (Zend 1.12 and Laravel 5/6) as well as client sites running on Drupal and CiviCRM.

Our ideal candidate has worked in PHP/MySQL/JavaScript environments and has a strong fluency in both previous and current development frameworks. You are a life-long learner who is comfortable in the context of a very small team. You know how to thrive in ambiguity and to take advantage of opportunities both to learn and to contribute. If you're keen on using your coding skills in a social-good business, we want to meet you!

Responsibilities

- Development
    - Working with the team, contribute to the development of custom solutions for non-profits based on our in-house ABCD platform and your knowledge of PHP, MySQL and JavaScript
    - Contribute to the refactoring of ABCD platform from Zend/jQuery to Laravel/Vue.js
- Client Support
    - Drupal/CiviCRM support:
        - Perform theme and module maintenance for a portfolio of Drupal/CiviCRM sites
        - Assist in the development and integration of new site features
    - ABCD Support:
        - Learn the existing codebase and its variations
        - Provide configuration and customization supports to existing clients
- Other related responsibilities as necessary

Skills & Background

- Strong grasp of modern web development approaches (MVC framework)
- Fluency in Laravel and Vue.js required
- Familiarity with Zend Framework 1, Drupal 7 and CiviCRM custom development a bonus
- Interest in, or familiarity with, the work of the non-profit sector is a huge plus

- A commitment to creating a more beautiful world through collective work will give you a great values fit here!

Schedule and Wage

This is a full-time position that will remain open until we find you! The hiring salary range is $50,000 to $60,000 per year, plus a benefits package that includes flexible time, supplementary health, dental and vision insurance, matching RRSP contributions, and growth opportunities.

To apply, please forward your resume and a cover letter to Roman Katsnelson at roman@hellokrd.net. We deeply value individual and shared humanity, and will treat your cover letter as a genuine introduction to who you are. <u>Please don't apply without a cover letter</u>, we will not proceed on the basis of resumes alone.
